Turtle Lake, North Dakota
City Commission Special Meeting 2 Meeting Minutes (unapproved)
Date:
August 24th, 2026 7:15 PM

In Attendance
Commissioners: Chad Wiege, Angelique Terranova Nakken, Tim Britton, Rick Schwalk , Matt Lang
Auditor: Michelle Pickett
Also Present: Moore Engineering,
Public Attendance: 15

Commission President called the meeting to order.
Public was instructed that the Public Comment portion would be moved and all public present would be allowed to speak during the topic discussion period.
For consideration is the road construction on First Ave between Putnam and Roosevelt. At a previous meeting this road was removed from the current Street Project.
Moore Engineering was present to discuss options for that roadway. They explained that removing the construction from the project will incur more costs to the project as the gravel on the road currently is planned to be used elsewhere in the project. The City will incur more costs to purchase gravel. To date Keller Paving has yet to produce a price for additional gravel.
Public were given the opportunity to speak
Discussion was held among the Commissioner, the Public and Moore Engineering. Moore will ask Keller Paving to get a bid to pave the road. The topic will be further addressed at a later meeting.

Motion to adjourn

- Made by: Britton
- Seconded by: Terranova Nakken
- Roll Call Vote: Unanimous
- Outcome: Motion Passed

Next Regular Meet Date: September 14th 2026
